ADVENTURES IN ANIMATION & CLAYMATION

Have you ever wanted to make a movie like "Wallace & Gromit"? Then join Movies By Kids, where students create, storyboard and animate their own cut-out and clay characters using the art of stop-motion animation. Claymation starts with building an armature or "skeleton" for the character. Once all layers of clay are applied, the character is ready for camera! Young filmmakers will also operate digital video equipment, record voice-overs for their characters and, by the end of the week, will have created at least two animated short films!

LEGO ANIMATION

Ready to take your fascination with Legos to the next level? At MBK studios, we will have all the Legos you need to create amazing movies. The ideas will be yours, the sets will be built by you, and you will operate all the equipment to bring your masterpiece to the big screen. Whether it's a re-creation of an epic pirate battle scene, or an adventure in another galaxy, this workshop is the ultimate place to play with Legos.

HORROR MOVIE WORKSHOP

Zombies, Vampires, and ghosts unite! This is what you've been waiting for... In this special week-long workshop, students will get to create an idea for a Horror movie and turn that idea into a animated blockbuster filled with scary sound effects, music, and special effects. Experience the thrill of making a horror movie from the first call of "Action", to "That's a wrap!" All movies will be professionally edited, and a DVD will be provided to every student in the workshop. Let your imagination run wild!

LIGHTS, CAMERA, ACTION!

Movies By Kids is ready to make a movie where you're the writer, director, and star! This camp begins with creating an idea for a movie. Students will then learn how to write and storyboard that idea, organize all props, secure needed costumes, and venture out to scout for the perfect location. Once complete... Filming begins! All projects will be professionally edited and everyone in the camp will receive a copy on DVD! Experience the the thrill of filmmaking from the first call of "Action!" to "That's a wrap!" If you want to have fun and learn how to make movies, this summer camp is for you!!

IKIDS

Wanna make an exciting webisode like iCarly? In this incredible camp, students will get the opportunity to create and star in their own webisode. You will decide the characters, you will create the skits, and you will be the star! Become the corky-comic-relief character, or the cool gossip king. It's all possible with IKids! All webisodes will be edited and streamed at www.moviesbykids.com.

KIDS ON CAMERA

Attention aspiring actors, actresses, and performers! Kids on Camera is a camp dedicated to teaching young people the exciting world of acting for the camera. Throughout the week, students will have a blast as they act in their own commercials. They will learn the subtleties of acting in front of a camera as well as valuable techniques for auditioning and scene study. The best part is that everything will be caught on tape and at the end of the camp, all students will receive a DVD of their work that can be used for getting an agent!
